

THE HIGH SIERRA BARKER

 HIGH SIERRA ANIMAL RESCUE

Help Kermit Get Back to Hopping!

Kermit has stolen hearts with his striking blue eyes, goofy personality, and incredibly sweet nature. Before arriving at our rescue, he suffered a rear CCL injury and will require surgery to repair the damage and give him the pain free future he deserves.

At just 3 years old and 55 pounds, Kermit should be running, playing, and enjoying life. Instead, he is facing this tough diagnosis with surgical estimates reaching as high as \$6,000. While we work toward funding his care, Kermit urgently needs a medical foster home where he can recover safely after surgery. He needs a quiet environment, limited activity, and lots of love while he heals. We provide all supplies and support. If you can foster or donate toward Kermit's surgery, you'll be a critical part of his comeback story. Our Foster Application and his campaign can be found on our website.

Looking to Adopt?

Coco was returned in December due to family changes. She's 8 years old, great on leash, house-trained, affectionate, independent, wonderful in the car, and super smart! She seems to prefer to be the only dog but previously lived with large males. Read more on our site!

Success Story Spotlight:

Rocky's Road to Recovery

Many supporters may remember Rocky, who was adopted from HSAR several years ago and lived a wonderful life with his beloved owner. When his owner passed away unexpectedly, Rocky returned to our care and began searching for a second chance.

Just as his foster-to-adopt family was preparing to make things official, Rocky was diagnosed with mast cell tumors. Thanks to the generosity of our supporters, he received the surgery he needed and is now thriving.

Today, Rocky is recovering beautifully and his family is completely in love with him. His story is a reminder that when our community comes together, dogs facing difficult circumstances can still find joy after heartbreak.

From Shelter Soulmates to Forever Homies

Emma and Sawyer's story is one of patience, friendship, and the kind of happy beginning that only rescue can create. Emma spent over a year at HSAR after being adopted as a puppy and later returned. Sawyer also waited a long time for a family of his own. During their stay with us, the two became close friends, and we often joked that they should be adopted together.

Then someone made that dream a reality.

After a foster-to-adopt period and plenty of dedication from their adopter, Emma and Sawyer officially went home together. Their story was made possible by the staff, volunteers, fosters, and supporters who never gave up on them. Two dogs. One home. A future full of love.

Lost Sierra Wine Co

July 9 | 5 - 8 PM

Join HSAR at Lost Sierra Wine Co., 37 Bonta Street in Blairsden, for the release of their new Rosé Pinot Noir. Enjoy live music, meet adoptable dogs, and support the rescue. Ten percent of all Rosé bottle sales during the event will be donated.

Retriever's Ball

August 22 | 11 - 1 PM

Here's to a howling good time at the Graeagle Mill Pond! Purchase numbered balls for \$5 each and watch as a lucky pup retrieves the winning numbers from the pond. Adoptable dogs, family activities, great prizes. More info on our site to come!

Pints for Pups

September 12 | 3 - 7 PM

Join us at The Brewing Lair in Blairsden for craft beer, food, live music by The Old Grass Blue Time Band, raffle prizes, and fun. A portion of pint and food sales will be donated to HSAR. Thank you to Susan, Rich, and Cheryl for their longtime support.

Yes, I want to help High Sierra Animal Rescue save lives!

Please consider becoming a Guardian of HSAR through our online giving page!
